## CERTIFICATE

We would like to confirm that the "Autechpol" company operating in Lodz, Al Kosciuszki 128, has provided its workers with a course of practical training in "Zehnder" company in Switzerland. The course embraced:

- arch welding of tram rails with welding automate
- hand welding of tram crossings with electrodes
- the grinding of the rail head and crossings

We would like to state that the "Autechpol" company fulfils all the required conditions necessary to perform the works of welding and grinding of rails.

20<sup>th</sup> November 2000
